Statistics Estonia guarantees the full protection of data submitted.

Please make sure that you enter data in the correct cell. If you enter alphabetical characters in a number field, a corresponding error message is displayed. In the case of some fields, logic (arithmetic) checks have been applied to prevent data entry mistakes. If there is a conflict in the entered data or they conflict with pre-filled data, an error message appears when the table is checked. In the case of errors, review the data carefully and make corrections. To submit the questionnaire, click the button „Check“ , which applies inter-table checks. Once you have corrected the possible errors, click the button „Confirm“ .
