### 1. ENVIRONMENTAL PROTECTION INVESTMENTS, EUROS

Investments in integrated technologies (pollution prevention investments) – capital expenditures on new technologies, equipment, materials, fuels, etc. which are designed to prevent or reduce the amount of pollution created in the production process. Investments for the purpose other than reduction of pollution (e.g. technical, economical etc.) are not included here. End-of-pipe (pollution treatment) investments – capital expenditure on equipment and technologies designed to prevent or reduce pollution and waste created in the production process from getting into the environment and to monitor the pollution created in the production process.

Record no	Name of activity	Type of investment	Sources of financing	Sum, euros	Description of the investment
1	2	3	4	5	
1	1 - Protection of ambient air and climate 2 - Wastewater management 3 - Waste management 4 - Protection and remediation of soil, groundwater and surface water 5 - Noise and vibration abatement (excluding workplace protection) 6 - Protection of biodiversity and landscapes 7 - Protection against radiation (excluding external safety) 8 - Research and development 9 - Other environmental protection activities	1 - End-of-pipe investments 2 - Investments in integrated technologies	13 - National budget 14 - Municipal budget 15 - Enterprise resource 16 - Foreign capital 17 - Bank loan 18 - Environmental Investment Centre (KIK)		
2	1 - Protection of ambient air and climate 2 - Wastewater management 3 - Waste management 4 - Protection and remediation of soil, groundwater and surface water 5 - Noise and vibration abatement (excluding workplace protection) 6 - Protection of biodiversity and landscapes 7 - Protection against radiation (excluding external safety) 8 - Research and development 9 - Other environmental protection activities	1 - End-of-pipe investments 2 - Investments in integrated technologies	13 - National budget 14 - Municipal budget 15 - Enterprise resource 16 - Foreign capital 17 - Bank loan 18 - Environmental Investment Centre (KIK)		
3	1 - Protection of ambient air and climate 2 - Wastewater management 3 - Waste management 4 - Protection and remediation of soil, groundwater and surface water 5 - Noise and vibration abatement (excluding workplace protection) 6 - Protection of biodiversity and landscapes 7 - Protection against radiation (excluding external safety) 8 - Research and development 9 - Other environmental protection activities	1 - End-of-pipe investments 2 - Investments in integrated technologies	13 - National budget 14 - Municipal budget 15 - Enterprise resource 16 - Foreign capital 17 - Bank loan 18 - Environmental Investment Centre (KIK)		
4	1 - Protection of ambient air and climate	1 - End-of-pipe investments	13 - National budget 14 - Municipal budget
