01. INFORMATION TO THE RESPONDENT, CHANGES IN THE QUESTIONNAIRE

The questionnaire is used to collect both content and financial information (sources of financing of production, production costs) about corporate films (advertising, promotional or educational films and music videos) and television productions completed during the reference year.

It also collects financial information about professional full-length films and short films and about audiovisual services provided to

foreign companies.

Companies fill in the tables according to the type of content completed or services provided in the reference year.

Sources of financing of production and production costs must be filled in even if no films or other audiovisual content were completed in the reference year but some content was under production

Data on the content of full-length films and short films are NO LONGER COLLECTED by Statistics Estonia.

Film and TV production

Questionnaire code: 12272022 Submitted in: 01.07.2022, data about 2021
