Periodicity: Monthly

p. 1/10

Statistics Estonia guarantees the full protection of data submitted.

eSTAT (<https://estat.stat.ee/>) is for data submission.

Please make sure that you enter data in the correct cell. If you enter alphabetical characters in a number field, a corresponding error message is displayed. In the case of some fields, logic (arithmetic) checks have been applied to prevent data entry mistakes. If there is a conflict in the entered data or they conflict with pre-filled data, an error message appears when the table is checked. In the case of errors, review the data carefully and make corrections.

After correcting the data, save changes and check the questionnaire again. If there are no more mistakes, confirm and submit the data by clicking "Confirm" on the last page of the questionnaire. You will be displayed a message that the data have been submitted successfully. If you have any questions, please contact Statistics Estonia's customer service either by phone at +372 625 9300 (Mon–Thu 8:30–16:30, Fri 8:30–15:30) or by e-mail at [klienditugi@stat.ee](mailto:klienditugi@stat.ee).

### DATA COLLECTED WITH THE QUESTIONNAIRE

#### Table A. FERTILISERS

Write in the questionnaire the unit price of the goods sold, exclusive of VAT and expenses added to the price such as transport etc. cost. If there are variations in the NPK content or package size within a fertiliser group listed in the questionnaire, please choose one product with a fixed content and package size for each fertiliser type and indicate its price over a longer period. If the same good has been sold in the reference period at different prices depending on the quality, quantity, agreement with buyer, etc., write in the questionnaire the weighted average price. The list of goods is amended only when sale of the goods concerned has been terminated; in that case, this good is replaced by another one as similar as possible. If goods from the same group of goods not listed in the questionnaire have been sold in large quantities, write the name, unit of measurement and unit price of the goods in the vacant row.
