

## Questionnaire manual: Financial statistics of financial service activities and activities auxiliary to financial services

Questionnaire code: 13412023

Submitted in: 10.07.2023, data about 2022

Periodicity: Annual

p. 1/31

Statistics Estonia guarantees the full protection of data submitted.

eSTAT (<https://estat.stat.ee/>) is for data submission.

Please make sure that you enter data in the correct cell. If you enter alphabetical characters in a number field, a corresponding error message is displayed. In the case of some fields, logic (arithmetic) checks have been applied to prevent data entry mistakes. If there is a conflict in the entered data or they conflict with pre-filled data, an error message appears when the table is checked. In the case of errors, review the data carefully and make corrections.

After correcting the data, save changes and check the questionnaire again. If there are no more mistakes, confirm and submit the data by clicking "Confirm" on the last page of the questionnaire. You will be displayed a message that the data have been submitted successfully. If you have any questions, please contact Statistics Estonia's customer service either by phone at +372 625 9300 (Mon–Thu 8:30–16:30, Fri 8:30–15:30) or by e-mail at [klienditugi@stat.ee](mailto:klienditugi@stat.ee).

### DATA COLLECTED WITH THE QUESTIONNAIRE

**Table 1. MOVEMENT OF FIXED ASSETS: TANGIBLE FIXED ASSETS (IN INTEGERS, IN EUROS ,ONLY ABOUT ESTONIA)**

Assets on operating lease and in the balance sheet are indicated under right-of-use assets, column 45.

Row code/ column code	Name of variable * - mandatory	Code of variable	Explanation	Type of data (number of decimals) or list/ classification name	You need not fill in the value: period, economic activity
H_020 / 2	Tangible fixed assets: land – in residual value/fair value as at the end of the previous reference period	ENT_H_020_2	In residual value/fair value as at the end of the previous reference period – the (residual) balance sheet value of assets at the beginning of the year. The net sum in which the assets are reflected in the balance sheet, taking into consideration the accumulated depreciation and possible write-downs. Land – land as an object with unlimited useful life is not depreciated, which is why the acquisition cost of land must be equal to its residual value. Also indicate expenses on land improvement and arrangement, also the land use rights, if classified as tangible fixed assets.	Positive integer	
H_020 / 3	Tangible fixed assets: constructions – in residual value/fair value as at the end of the previous reference period	ENT_H_020_3	In residual value/fair value as at the end of the previous ref. period – (residual) balance sheet (BS) value of assets at the beginning of the year. Net sum in which the assets are reflected in BS, considering the accumulated depreciation and possible write-downs. Constructions – buildings – a roofed and walled structure which is permanently connected to land and has indoor rooms; facilities – constructions permanently connected to land which are not buildings. Transp. facilities: roads, streets, railways, takeoff and landing strips at airports, bridges, trestles, tunnels, port facilities (piers, jetties). Pipelines, communication and power lines: water, gas and sewage pipelines (incl. hot water boilers), fountains, water towers, communication and power lines, etc. Civil facilities: mines and quarries, chimneys, stadiums and sports grounds, parks, swimming beaches, golf courses, trampolines, ski lifts, swimming pools, cemeteries, landfills, awnings. Also indicate the building right.	Positive integer	
H_020 / 40	Tangible fixed assets: machinery and equipment – in residual value/fair value as at the end of the previous reference period	ENT_H_020_40	In residual value/fair value as at the end of the previous reference period – the (residual) balance sheet value of assets at the beginning of the year. The net sum in which the assets are reflected in the balance sheet, taking into consideration the accumulated depreciation and possible write-downs. Machinery and equipment – means of road, rail, water and air transport for transporting both goods and passengers and for other purposes; computers and computer systems; other machinery and equipment.	Positive integer	

**Questionnaire manual: Financial statistics of financial service activities and activities auxiliary to financial services**

Questionnaire code: 13412023

Submitted in: 10.07.2023, data about 2022

p. 2/31

H_020 / 4	Tangible fixed assets: machinery and equipment – means of transport: in residual value/fair value as at the end of the previous reference period	ENT_H_020_4	In residual value/fair value as at the end of the previous reference period – the (residual) balance sheet value of assets at the beginning of the year. The net sum in which the assets are reflected in the balance sheet, taking into consideration the accumulated depreciation and possible write-downs. Means of transport – means of transport used on roads and streets both for cargo as well as passenger transport: motor vehicles, motor vehicle bodies, trailers and semi-trailers, vehicles with electric motor for passenger transport (trolleybuses), special purpose motor vehicles, lorry cranes, motor vehicles for driving on snow, golf carts; also means of transport for rail, water and air transport of cargo and passengers: rail locomotives and rolling stock, trams, water crafts and other special purpose floating devices, <u>aircrafts, motorcycles and bicycles.</u>	Positive integer	
H_020 / 6	Tangible fixed assets: machinery and equipment – computers and computer systems: in residual value/fair value as at the end of the previous reference period	ENT_H_020_6	In residual value/fair value as at the end of the previous reference period – the (residual) balance sheet value of assets at the beginning of the year. The net sum in which the assets are reflected in the balance sheet, taking into consideration the accumulated depreciation and possible write-downs. Computers and computer systems – computers and other information processing devices: servers, laptops and electronic notebooks, computer systems, input and output devices (scanners, printers), memory devices, other automatic data processing equipment, accessories for computers. This also includes software purchased together with hardware.	Positive integer	
H_020 / 7	Tangible fixed assets: machinery and equipment – other machinery and equipment: in residual value/fair value as at the end of the previous reference period	ENT_H_020_7	In residual value/fair value as at the end of the previous ref. period – (residual) balance sheet (BS) value of assets at the beg. of the year. Net sum in which the assets are reflected in BS, considering the acc. depreciation and possible write-downs. Other machinery, equipment – conveyors, lifting, loading devices, thermal equip., cleaning and sorting equip., laboratory equip., electrical engines, diesel generators, tools, fittings, except means of transp.; engines and turbines (exc. the engines of aircrafts, vehicles, motorcycles), other generally used machines and mechanisms, steam boilers (except central heating hot water boilers classified as facilities), lifting machines, transition mechanisms, agricultural and forestry machinery (and tractors), machine tools, other special purpose machines (road rollers, lorry cranes), office equip. (exc. computers), electrical equip. and apparatus n.e.c., radio, television and communication equip., <u>medical, precision and optical instruments.</u>	Positive integer	
H_020 / 8	Tangible fixed assets: other tangible fixed assets – in residual value/fair value as at the end of the previous reference period	ENT_H_020_8	In residual value/fair value as at the end of the previous reference period – the (residual) balance sheet value of assets at the beginning of the year. The net sum in which the assets are reflected in the balance sheet, taking into consideration the accumulated depreciation and possible write-downs. Other tangible fixed assets – furniture, musical instruments, sports equipment, valuables.	Positive integer	
H_020 / 41	Tangible fixed assets: projects in progress and prepayments – in residual value/fair value as at the end of the previous reference period	ENT_H_020_41	In residual value/fair value as at the end of the previous reference period – the (residual) balance sheet value of assets at the beginning of the year. The net sum in which the assets are reflected in the balance sheet, taking into consideration the accumulated depreciation and possible write-downs. Unfinished projects and prepayments – unfinished constructions and other projects, prepayments for fixed assets.	Positive integer	
H_020 / 43	Tangible fixed assets: projects in progress and prepayments – projects in progress: in residual value/fair value as at the end of the previous reference period	ENT_H_020_43	In residual value/fair value as at the end of the previous reference period – the carrying amount of assets at the beginning of the reference period. The net sum in which the assets are reflected in the balance sheet, taking into consideration the accumulated depreciation and possible write-downs. Projects in progress = unfinished constructions + unfinished (uninstalled) machinery, equipment. Unfinished constructions – actual expenses on unfinished construction objects built for own use. Construction companies indicate expenses on objects for resale or built as contract work in inventories under goods in process. Unfinished (uninstalled) machinery, equipment – actual expenses on unfinished or <u>uninstalled machinery, equipment used for own use.</u>	Positive integer	
H_020 / 12	Tangible fixed assets: projects in	ENT_H_020_12	In residual value/fair value as at the end of the previous reference period – the (residual) balance sheet value of	Positive integer

p. 3/31

	progress and prepayments – prepayments for fixed assets: in residual value/fair value as at the end of the previous reference period		assets at the beginning of the year. The net sum in which the assets are reflected in the balance sheet, taking into consideration the accumulated depreciation and possible write-downs. Prepayments for fixed assets – prepayments for suppliers for fixed assets (also prepayments for construction companies).		
H_020 / 45	Property, plant and equipment: right-of-use assets – residual cost / fair value at the end of the previous reference period	ENT_H_020_45	Residual cost / fair value at the end of the previous reference period – (residual) book value of assets at the beginning of the reference period. This is the net sum of assets in the balance sheet including the accumulated depreciation and potential write-downs. Operating leases are indicated when preparing the financial statements in accordance with IFRS (IFRS 16 “Leases”) or ASBG 9 clause 31b (all lease agreements, irrespective of whether they correspond to the definition of finance or operating lease, are recognised in the lessee’s balance sheet).	Positive integer	
H_020 / 1	Total tangible fixed assets: in residual value/fair value as at the end of the previous reference period	ENT_H_020_1	In residual value/fair value as at the end of the previous reference period – the (residual) balance sheet value of assets at the beginning of the year. The net sum in which the assets are reflected in the balance sheet, taking into consideration the accumulated depreciation and possible write-downs. Tangible fixed assets – land, constructions (buildings and facilities), the rights related thereto (e.g., building rights, usufruct), machinery, equipment, tools, fittings and other inventory, valuables, construction in progress, prepayments for fixed assets. Additional information: Guideline 5 of the Estonian Accounting Standards Board “Tangible and intangible fixed assets”.	Positive integer	
H_030 / 2	Tangible fixed assets: land–purchases and improvements	ENT_H_030_2	Purchases and improvements – fixed assets (FA) obtained within the ref. period, incl. for non-monetary contributions, e.g. shares, also the total contractual value of FA w/o interest, obtained within the ref. period with fin. lease agreements. FA are reflected in the balance sheet (BS) in their acq. cost, consisting of the purch. price & the expenses related to acq. which are necessary for taking the asset to the op. condition and location. Expenses related to later improvements are also reflected, those are added to the acq. cost of tangible FA only if they correspond to the definition of tangible FA & the criteria on reflecting the asset in the BS (incl. probable participation in the generation of economic profit). Land – land as an object with unlimited useful life is not depreciated, which is why the acq. cost of land must be equal to its residual value. Indicate expenses on land improvement & arrangement, also the land use rights, if classified as tangible FA.	Positive integer	
H_030 / 3	Tangible fixed assets: constructions – purchases and improvements	ENT_H_030_3	Purchases and improvements – fixed assets (FA) obtained within the ref. period, also the total contractual value of FA w/o interest, obtained with fin. lease agreements. FA are reflected in the balance sheet (BS) in acq. cost (purch. price and expenses directly related to acq.). Expenses related to later improvements are also reflected here, those are added to the acq. cost of tangible FA only if they correspond to the definition of tangible FA & the criteria on reflecting the asset in the BS. Constructions – buildings – roofed and walled structure which is permanently connected to land & has indoor rooms; facilities – constructions permanently connected to land which are not buildings. Transp. facilities: roads, streets, railways, tramways, takeoff and landing strips at airports, bridges, port facilities. Pipelines, communication and power lines: water, gas & sewage pipelines, communication & power lines. Civil facilities: mines, stadiums, parks, landfills; also building rights.	Positive integer	
H_030 / 40	Tangible fixed assets: machinery and equipment: means of transport – purchases and improvements	ENT_H_030_40	Purchases and improvements – fixed assets (FA) obtained within the ref. period, incl. for non-monetary contributions, e.g. shares, also the total contractual value of FA w/o interest, obtained within the ref. period with fin. lease agreements. FA are reflected in the balance sheet (BS) in their acq. cost, consisting of the purch. price & the expenses related to acq. which are necessary for taking the asset to the op. condition and location. Expenses related to later improvements are also reflected, those are added to the acq. cost of tangible FA only if they correspond to the definition of tangible FA and the criteria on reflecting the asset in the BS (including probable participation in the generation of	Positive integer

p. 4/31

			economic profit in the future). Machinery and equipment – means of road, rail, water and air transport for transporting both goods and passengers and for other purposes; computers and computer systems; other machinery and equipment.		
H_030 / 4	Tangible fixed assets: machinery and equipment – means of transport: purchases and improvements	ENT_H_030_4	Purchases and improvements – fixed assets (FA) obtained within the ref. period, incl. for non-monetary contributions, e.g. shares, also the total contractual value of FA w/o interest, obtained with fin. lease agreements. FA are reflected in the balance sheet (BS) in acq. cost (purch. price & expenses directly related to acq.). Expenses related to later improvements are also reflected here, those are added to the acq. cost of tangible FA only if they correspond to the definition of tangible FA & criteria of reflecting the asset in the BS. Means of transp. – means of transp. used on roads & streets both for cargo and pass. transp.: motor vehicles, motor vehicle bodies, trailers & semi-trailers, vehicles with electric motor for pass. transp. (trolleybuses), special purpose motor vehicles, lorry cranes, golf carts; means of transp. for rail, water & air transport: rail locomotives & rolling stock, trams, water crafts & special purpose floating devices, aircrafts, motorcycles & bicycles.	Positive integer	
H_030 / 6	Tangible fixed assets: machinery and equipment – computers and computer systems: purchases and improvements	ENT_H_030_6	Purchases and improvements – fixed assets (FA) obtained in the ref. period, incl. for non-monetary contributions, e.g. shares, also the total contractual value of FA w/o interest, obtained with fin. lease agreements. FA are reflected in the balance sheet (BS) in their acq. cost, consisting of purch. price & expenses related to acq. which are necessary for taking the asset to the op. condition and location. Expenses related to later improvements are also reflected, those are added to the acq. cost of tangible FA only if they correspond to the definition of tangible FA & the criteria on reflecting the asset in the BS (incl. probable participation in the generation of economic profit). Computers & comp. systems – comp. & other information processing devices: servers, laptops & electronic notebooks, comp. systems, input & output devices (scanners, printers), memory devices, other automatic data processing equip., accessories for computers. Also software purchased together with hardware.	Positive integer	
H_030 / 7	Tangible fixed assets: machinery and equipment – other machinery and equipment: purchases and improvements	ENT_H_030_7	Purchases and improvements – fixed assets (FA) obtained in ref. period, also the total contractual value of FA w/o interest, obtained with fin. lease agreements. FA are reflected in the balance sheet (BS) in acq. cost (purch. price & expenses directly related to acq.). Expenses related to later improvements are also reflected here, (added to the acq. cost of tangible FA only if they correspond to the definition of tangible FA & the criteria on reflecting the asset in the BS). Other machinery & equip. – conveyors, lifting devices, electrical engines & diesel generators, exc. means of transp.; engines & turbines (exc. engines of aircrafts, vehicles, motorcycles), other generally used machines & mechanisms, steam boilers (exc. central heating hot water boilers classified as facilities), lifting machines, agricultural & forestry machinery, special purpose machines, office equip. (exc. computers), el. equip. & apparatus, radio, TV & comm. equip., medical, precision & optical instruments.	Positive integer	
H_030 / 8	Tangible fixed assets: other tangible fixed assets – purchases and improvements	ENT_H_030_8	Purchases and improvements – fixed assets obtained within the reference period, including for non-monetary contributions, e.g., shares, also the total contractual value of fixed assets without interest, which are obtained within the reference period with financial lease agreements. Fixed assets are reflected in the balance sheet in their acquisition cost, which consists of the purchase price and the expenses related to the acquisition which are necessary for taking the asset to the operating condition and location. Expenses related to later improvements are also reflected, such expenses are added to the acquisition cost of tangible fixed assets only if they correspond to the definition of tangible fixed assets and the criteria on reflecting the asset in the balance sheet (including probable participation in the generation of economic profit in the future). Other tangible fixed assets – furniture, musical instruments, sports equipment, valuables.	Positive integer	
H_030 / 41	Tangible fixed assets: projects in progress and prepayments –	ENT_H_030_41	Purchases and improvements – fixed assets obtained within the reference period, including for non-monetary contributions, e.g., shares, also the total contractual value of fixed assets without interest, which are obtained within the	Positive integer

	purchases and improvements		reference period with financial lease agreements. Fixed assets are reflected in the balance sheet in their acquisition cost, which consists of the purchase price and the expenses related to the acquisition which are necessary for taking the asset to the operating condition and location. Expenses related to later improvements are also reflected, such expenses are added to the acquisition cost of tangible fixed assets only if they correspond to the definition of tangible fixed assets and the criteria on reflecting the asset in the balance sheet (including probable participation in the generation of economic profit in the future). Unfinished projects and prepayments – unfinished constructions and other projects, prepayments for fixed assets.		
H_030 / 43	Tangible fixed assets: projects in progress and prepayments – projects in progress: purchases and improvements	ENT_H_030_43	Purchases and improvements – fixed assets obtained within the reference period, including for non-monetary contributions, e.g., shares, also the total contractual value of fixed assets without interest, which are obtained within the reference period with financial lease agreements. Fixed assets are reflected in the balance sheet in their acquisition cost, which consists of the purchase price and the expenses related to the acquisition which are necessary for taking the asset to the operating condition and location. Expenses related to later improvements are also reflected, such expenses are added to the acquisition cost of tangible fixed assets only if they correspond to the definition of tangible fixed assets and the criteria on reflecting the asset in the balance sheet (including probable participation in the generation of economic profit in the future). Projects in progress = unfinished constructions + unfinished (uninstalled) machinery, equipment.	Positive integer	
H_030 / 12	Tangible fixed assets: projects in progress and prepayments – prepayments for fixed assets: purchases and improvements	ENT_H_030_12	Purchases and improvements – fixed assets obtained within the reference period, including for non-monetary contributions, e.g., shares, also the total contractual value of fixed assets without interest, which are obtained within the reference period with financial lease agreements. Fixed assets are reflected in the balance sheet in their acquisition cost, which consists of the purchase price and the expenses related to the acquisition which are necessary for taking the asset to the operating condition and location. Expenses related to later improvements are also reflected, such expenses are added to the acquisition cost of tangible fixed assets only if they correspond to the definition of tangible fixed assets and the criteria on reflecting the asset in the balance sheet (including probable participation in the generation of economic profit in the future). Prepayments for fixed assets – prepayments for suppliers for fixed assets (also prepayments for construction companies).	Positive integer	
H_030 / 45	Property, plant and equipment: right-of-use assets – acquisitions and additions	ENT_H_030_45	Acquisitions and additions – Operating leases are indicated when preparing the financial statements in accordance with IFRS (IFRS 16 “Leases”) or ASBG 9 clause 31b (all lease agreements, irrespective of whether they correspond to the definition of finance or operating lease, are recognised in the lessee's balance sheet).	Positive integer	
H_030 / 1	Total tangible fixed assets: purchases and improvements	ENT_H_030_1	Purchases and improvements – fixed assets (FA) obtained within the ref. period, incl. for non-monetary contributions, e.g, shares, also the total contractual value of FA w/o interest, obtained within the ref. period with fin. lease agreements. FA are reflected in the balance sheet (BS) in their acq. cost, consisting of the purch. price & the expenses related to acq. which are necessary for taking the asset to the op. condition and location. Expenses related to later improvements are also reflected, such expenses are added to the acq. cost of tangible FA only if they correspond to the definition of tangible FA & the criteria on reflecting the asset in the BS (incl. probable participation in the generation of profit). Tangible FA – land, constructions (buildings, facilities), rights related thereof, machinery, equip., tools, fittings, inventory, valuables, construction in progress, prepayments for FA, total contractual value of FA w/o interest, obtained with fin. lease agreements.	Positive integer	
H_031 / 2	Tangible fixed assets: land–purchases and improvements: purchase of land and previously used constructions	ENT_H_031_2	Purchased land and buildings and facilities previously used in Estonia are reflected in the balance sheet in their acquisition cost. The total contractual value of fixed assets without interest, which are obtained within the reference period with financial lease agreements are also reflected here. Land – land as an object with unlimited useful life is not depreciated, which is why the acquisition cost of land must be equal to its	Positive integer

p. 6/31

			residual value. Also indicate expenses on land improvement and arrangement, also the land use rights, if classified as <b>tangible fixed assets</b> .		
H_031 / 3	Tangible fixed assets: constructions – purchases and improvements: purchase of land and previously used constructions	ENT_H_031_3	Purchased land and buildings and facilities previously used in Estonia are reflected in the balance sheet in their acq. cost. The total contractual value of fixed assets w/o interest, obtained within the reference period with financial lease agreements. Constructions – buildings – a usually roofed and walled structure which is permanently connected to land and has indoor rooms; facilities – constructions permanently connected to land which are not buildings. Transport facilities: roads, streets, railways, takeoff and landing strips at airports, bridges, trestles, tunnels, port facilities (piers, jetties). Pipelines, communication and power lines: water, gas and sewage pipelines (incl. hot water boilers), fountains, water towers, communication and power lines. Civil facilities: mines and quarries, chimneys, stadiums and sports grounds, parks, swimming beaches, golf courses, trampolines, ski lifts, swimming pools, cemeteries, landfills, awnings, etc. Also <b>indicate the building right</b> .	Positive integer	
H_031 / 45	Property, plant and equipment: right-of-use assets – acquisitions and additions: acquisition of land and right-of-use assets, except new right-of-use assets and renovations	ENT_H_031_45	Acquisition of land and buildings (except new buildings) and civil engineering objects in Estonia are recognised in the balance sheet at the acquisition cost. Operating leases are indicated when preparing the financial statements in accordance with IFRS (IFRS 16 “Leases”) or ASBG 9 clause 31b (all lease agreements, irrespective of whether they correspond to the definition of finance or operating lease, are recognised in the lessee’s balance sheet).	Positive integer	
H_031 / 1	Total tangible fixed assets: purchases and improvements – purchase of land and previously used constructions	ENT_H_031_1	Purchased land and buildings and facilities previously used in Estonia are reflected in the balance sheet in their acquisition cost. The total contractual value of fixed assets without interest, which are obtained within the reference period with financial lease agreements are also reflected here. Tangible fixed assets – land, constructions (buildings and facilities), the rights related thereto (e.g., building rights, usufruct), machinery, equipment, tools, fittings and other inventory, valuables, construction in progress, prepayments for fixed assets.	Positive integer	
H_032 / 2	Tangible fixed assets: land– purchases and improvements : purchase of new constructions, new construction, improvements	ENT_H_032_2	Purchase of new constructions, new construction, improvement – purchase of new, previously unused buildings and facilities, capitalised expenses for building and also extending, reconstructing and renovating constructions (reconstruction expenses), which substantially prolong the useful life of the structure, increase its production potential or reduce exploitation expenses, also expenses for land improvement. The total contractual value of fixed assets without interest, which are obtained within the reference period with financial lease agreements are also reflected here. Expenses related to current maintenance and repair works are reflected under periodic expenses. Land – land as an object with unlimited useful life is not depreciated, which is why the acquisition cost of land must be equal to its residual value. Also indicate expenses on land improvement and arrangement, also the land use rights, if classified as <b>tangible fixed assets</b> .	Positive integer	
H_032 / 3	Tangible fixed assets: constructions – purchases and improvements: purchase of new constructions, new construction, improvements	ENT_H_032_3	Purch. of new constructions, new constr., improvement – purch. of new, previously unused buildings and facts., capitalised expenses for building, extending and reconstructing constructions, which prolong the useful life of structure, increase the production potential or reduce exploitation expenses. Also, total contractual value of fixed assets w/o interest, obtained with fin. lease agreements. Expenses related to current maint. & repair works are reflected under periodic expenses. Constructions – buildings – roofed and walled structure which is permanently connected to land and has indoor rooms; facts. – constr. permanently connected to land which are not buildings. Transp. facts.: roads, streets, railways, tramways, takeoff & landing strips at airports, bridges, tunnels, port facts. Pipelines, comm. & power lines: water, gas and sewage pipelines, water towers, comm. & power lines. Civil facts.: mines, stadiums, parks, swimming beaches & pools, cemeteries, landfills: <b>building rights</b> .	Positive integer	
H_032	Property, plant	ENT_H_	Acquisition of new buildings and civil engineering objects,	Positive

/ 45	and equipment: right-of-use assets – acquisitions and additions: acquisition of right-of-use assets, new building and renovations	032_45	capitalised expenses of building construction, additions and reconstruction, which increase the service life of the building, increase the production potential or reduce life-cycle costs. Repair and maintenance expenses are reported under period costs. Operating leases are indicated when preparing the financial statements in accordance with IFRS (IFRS 16 “Leases”) or ASBG 9 clause 31b (all lease agreements, irrespective of whether they correspond to the definition of finance or operating lease, are recognised in the lessee’s balance sheet).	integer	
H_032 / 1	Total tangible fixed assets: purchases and improvements – purchase of new constructions, new construction, improvements	ENT_H_032_1	Purchase of new constructions, new construction, improvement – purchase of new, previously unused buildings and facilities, capitalised expenses for building and also extending, reconstructing and renovating constructions (reconstruction expenses), which substantially prolong the useful life of the structure, increase its production potential or reduce exploitation expenses, also expenses for land improvement. Also indicate the total contractual value of fixed assets without interest, which are obtained within the reference period with financial lease agreements. Expenses related to current maintenance and repair works are reflected under periodic expenses. Tangible fixed assets – land, constructions (buildings and facilities), the rights related thereto (e.g., building rights, usufruct), machinery, equipment, tools, fittings and other inventory, valuables, construction in progress, prepayments for fixed assets.	Positive integer	
H_060 / 2	Tangible fixed assets: land – depreciation expense	ENT_H_060_2	Depreciation is writing off the depreciable part of the assets during the useful life of the assets. Indicate the depreciation expense calculated in the reference period. Land – land as an object with unlimited useful life is not depreciated, which is why the acquisition cost of land must be equal to its residual value. Also indicate expenses on land improvement and arrangement, also the land use rights, if classified as tangible fixed assets.	Positive integer	
H_060 / 3	Tangible fixed assets: constructions – depreciation expense	ENT_H_060_3	Depreciation is writing off the depreciable part of the assets during the useful life of the assets. Indicate the depreciation expense calculated in the reference period. Constructions – buildings – a usually roofed and walled structure which is permanently connected to land and has indoor rooms; facilities – constructions permanently connected to land which are not buildings. Transport facilities: roads, streets, railways, takeoff and landing strips at airports, bridges, trestles, tunnels, port facilities (piers, jetties, etc.). Pipelines, communication and power lines: water, gas and sewage pipelines (incl. hot water boilers), fountains, water towers, communication and power lines, etc. Civil facilities: mines and quarries, chimneys, stadiums and sports grounds, parks, swimming beaches, golf courses, trampolines, ski lifts, swimming pools, cemeteries, landfills, awnings, etc. Also indicate the building right.	Positive integer	
H_060 / 40	Tangible fixed assets: machinery and equipment – depreciation expense	ENT_H_060_40	Depreciation is writing off the depreciable part of the assets during the useful life of the assets. Indicate the depreciation expense calculated in the reference period. Machinery and equipment – means of road, rail, water and air transport for transporting both goods and passengers and for other purposes; computers and computer systems; other machinery and equipment.	Positive integer	
H_060 / 4	Tangible fixed assets: machinery and equipment – means of transport: depreciation expense	ENT_H_060_4	Depreciation is writing off the depreciable part of the assets during the useful life of the assets. Indicate the depreciation expense calculated in the reference period. Means of transport – means of transport used on roads and streets both for cargo as well as passenger transport: motor vehicles, motor vehicle bodies, trailers and semi-trailers, vehicles with electric motor for passenger transport (trolleybuses), special purpose motor vehicles, lorry cranes, motor vehicles for driving on snow, golf carts; also means of transport for rail, water and air transport of cargo and passengers: rail locomotives and rolling stock, trams, water crafts and other special purpose floating devices, aircrafts, motorcycles and bicycles.	Positive integer	
H_060 / 6	Tangible fixed assets: machinery and equipment – computers and computer systems: depreciation expense	ENT_H_060_6	Depreciation is writing off the depreciable part of the assets during the useful life of the assets. Indicate the depreciation expense calculated in the reference period. Computers and computer systems – computers and other information processing devices: servers, laptops and electronic notebooks, computer systems, input and output devices (scanners, printers), memory devices, other automatic data	Positive integer

			processing equipment, accessories for computers. This also includes software purchased together with hardware.		
H_060 / 7	Tangible fixed assets: machinery and equipment – other machinery and equipment: depreciation expense	ENT_H_060_7	Depreciation is writing off the depreciable part of the assets during the useful life of the assets. Indicate the depreciation expense calculated in the reference period. Other machinery and equipment – different conveyors, lifting and loading devices, thermal equipment, cleaning and sorting equipment, laboratory equipment, electrical engines and diesel generators, tools, fittings, etc., except means of transport; engines and turbines (except the engines of aircrafts, vehicles and motorcycles), other generally used machines and mechanisms, steam boilers (except central heating hot water boilers classified as facilities), lifting machines and transition mechanisms, agricultural and forestry machinery (and tractors), machine tools, other special purpose machines (road rollers and lorry cranes), office equipment (except computers), electrical equipment and apparatus not elsewhere classified, radio, television and communication equipment, medical, precision and optical instruments.	Positive integer	
H_060 / 8	Tangible fixed assets: other tangible fixed assets – depreciation expense	ENT_H_060_8	Depreciation is writing off the depreciable part of the assets during the useful life of the assets. Indicate the depreciation expense calculated in the reference period. Other tangible fixed assets – furniture, musical instruments, sports equipment, valuables.	Positive integer	
H_060 / 41	Tangible fixed assets: projects in progress and prepayments – depreciation expense	ENT_H_060_41	Depreciation is writing off the depreciable part of the assets during the useful life of the assets. Indicate the depreciation expense calculated in the reference period. Unfinished projects and prepayments – unfinished constructions and other projects, prepayments for fixed assets.	Positive integer	
H_060 / 43	Tangible fixed assets: projects in progress and prepayments – projects in progress: depreciation expense	ENT_H_060_43	Depreciation is writing off the depreciable part of the assets during the useful life of the assets. Indicate the depreciation expense calculated in the reference period. Projects in progress = unfinished constructions + unfinished (uninstalled) machinery, equipment. Unfinished constructions – actual expenses on unfinished construction objects built for own use. Construction companies indicate expenses on objects for resale or built as contract work in inventories under goods in process. Unfinished (uninstalled) machinery, equipment – actual expenses on unfinished or uninstalled machinery, equipment used for own use.	Positive integer	
H_060 / 12	Tangible fixed assets: projects in progress and prepayments – prepayments for fixed assets: depreciation expense	ENT_H_060_12	Depreciation is writing off the depreciable part of the assets during the useful life of the assets. Indicate the depreciation expense calculated in the reference period. Prepayments for fixed assets – prepayments for suppliers for fixed assets (also prepayments for construction companies).	Positive integer	
H_060 / 45	Property, plant and equipment: right-of-use assets – depreciation	ENT_H_060_45	Depreciation is the gradual conversion of the depreciated part of assets into expenses over the asset's useful life. Show here the depreciation cost in the reference period. Operating leases are indicated when preparing the financial statements in accordance with IFRS (IFRS 16 "Leases") or ASBG 9 clause 31b (all lease agreements, irrespective of whether they correspond to the definition of finance or operating lease, are recognised in the lessee's balance sheet).	Positive integer	
H_060 / 1	Total tangible fixed assets: depreciation expense	ENT_H_060_1	Depreciation is writing off the depreciable part of the assets during the useful life of the assets. Indicate the depreciation expense calculated in the reference period. Tangible fixed assets – land, constructions (buildings and facilities), the rights related thereto (e.g., building rights, usufruct), machinery, equipment, tools, fittings and other inventory, valuables, construction in progress, prepayments for fixed assets.	Positive integer	
H_080 / 2	Tangible fixed assets: land – total reclassifications: reclassifications from prepayments	ENT_H_080_2	Reclassification of fixed assets reflected as prepayments at the beginning of the reference period into the respective type of fixed asset. Land – land as an object with unlimited useful life is not depreciated, which is why the acquisition cost of land must be equal to its residual value. Also indicate expenses on land improvement and arrangement, also the land use rights, if classified as tangible fixed assets.	Integer	
H_080 / 3	Tangible fixed assets:	ENT_H_080_3	Reclassification of fixed assets reflected as prepayments at the beginning of the reference period into the respective type	Integer

	constructions – total reclassifications: reclassifications from prepayments		of fixed asset. Constructions – buildings – a usually roofed and walled structure which is permanently connected to land and has indoor rooms; facilities – constructions permanently connected to land which are not buildings. Transport facilities: roads, streets, railways, takeoff and landing strips at airports, bridges, trestles, tunnels, port facilities (piers, jetties, etc.). Pipelines, communication and power lines: water, gas and sewage pipelines (incl. hot water boilers), fountains, water towers, communication and power lines, etc. Civil facilities: mines and quarries, chimneys, stadiums and sports grounds, parks, swimming beaches, golf courses, trampolines, ski lifts, swimming pools, cemeteries, landfills, awnings, etc. Also indicate the building right.		
H_080 / 40	Tangible fixed assets: machinery and equipment – total reclassifications: reclassifications from prepayments	ENT_H_080_40	Reclassification of fixed assets reflected as prepayments at the beginning of the reference period into the respective type of fixed asset. Machinery and equipment – means of road, rail, water and air transport for transporting both goods and passengers and for other purposes; computers and computer systems; other machinery and equipment.	Integer	
H_080 / 4	Tangible fixed assets: machinery and equipment – means of transport: total reclassifications – reclassifications from prepayments	ENT_H_080_4	Reclassification of fixed assets reflected as prepayments at the beginning of the reference period into the respective type of fixed asset. Means of transport – means of transport used on roads and streets both for cargo as well as passenger transport: motor vehicles, motor vehicle bodies, trailers and semi-trailers, vehicles with electric motor for passenger transport (trolleybuses), special purpose motor vehicles, lorry cranes, motor vehicles for driving on snow, golf carts; also means of transport for rail, water and air transport of cargo and passengers: rail locomotives and rolling stock, trams, water crafts and other special purpose floating devices, aircrafts, motorcycles and bicycles.	Integer	
H_080 / 6	Tangible fixed assets: machinery and equipment – computers and computer systems: total reclassifications – reclassifications from prepayments	ENT_H_080_6	Reclassification of fixed assets reflected as prepayments at the beginning of the reference period into the respective type of fixed asset. Computers and computer systems – computers and other information processing devices: servers, laptops and electronic notebooks, computer systems, input and output devices (scanners, printers), memory devices, other automatic data processing equipment, accessories for computers. This also includes software purchased together with hardware.	Integer	
H_080 / 7	Tangible fixed assets: machinery and equipment – other machinery and equipment: total reclassifications – reclassifications from prepayments	ENT_H_080_7	Reclassification of fixed assets reflected as prepayments at the beginning of the reference period into the respective type of fixed asset. Other machinery and equipment – different conveyors, lifting and loading devices, thermal equipment, cleaning and sorting equipment, laboratory equipment, electrical engines and diesel generators, tools, fittings, etc., except means of transport; engines and turbines (except the engines of aircrafts, vehicles and motorcycles), other generally used machines and mechanisms, steam boilers (except central heating hot water boilers classified as facilities), lifting machines and transition mechanisms, agricultural and forestry machinery (and tractors), machine tools, other special purpose machines (road rollers and lorry cranes), office equipment (except computers), electrical equipment and apparatus not elsewhere classified, radio, television and communication equipment, medical, precision and optical instruments. 	means of transport: in residual value/fair value as at the end of the reference period		reflected in the balance sheet, taking into consideration the accumulated depreciation and possible write-downs. Means of transport – means of transport used on roads and streets both for cargo as well as passenger transport: motor vehicles, motor vehicle bodies, trailers and semi-trailers, vehicles with electric motor for passenger transport (trolleybuses), special purpose motor vehicles, lorry cranes, motor vehicles for driving on snow, golf carts; also means of transport for rail, water and air transport of cargo and passengers: rail locomotives and rolling stock, trams, water crafts and other special purpose floating devices, aircrafts, <u>motorcycles and bicycles.</u>		
H_130 / 6	Tangible fixed assets: machinery and equipment – computers and computer systems: in residual value/fair value as at the end of the reference period	ENT_H_130_6	In residual value/fair value as at the end of the reference period – the (residual) balance sheet value of assets at the end of the year. The net sum in which the assets are reflected in the balance sheet, taking into consideration the accumulated depreciation and possible write-downs. Computers and computer systems – computers and other information processing devices: servers, laptops and electronic notebooks, computer systems, input and output devices (scanners, printers), memory devices, other automatic data processing equipment, accessories for computers. This also includes software purchased together <u>with hardware.</u>	Positive integer	
H_130 / 7	Tangible fixed assets: machinery and equipment – other machinery and equipment: in residual value/fair value as at the end of the reference period	ENT_H_130_7	In residual value/fair value as at the end of the ref. period – (residual) balance sheet (BS) value of assets at the end of the year. Net sum in which the assets are reflected in the BS, considering the acc. depreciation & possible write-downs. Other machinery and equip. – different conveyors, lifting & loading devices, thermal equip., cleaning & sorting equip., laboratory equip., electrical engines & diesel generators, tools, fittings, exc. means of transp.; engines & turbines (exc. engines of aircrafts, vehicles, motorcycles), other generally used machines & mechanisms, steam boilers (exc. central heating hot water boilers classified as facs.), lifting machines & transition mechanisms, agricultural & forestry machinery (and tractors), machine tools, special purpose machines (road rollers & lorry cranes), office equip. (exc. computers), electrical equip. & apparatus not elsewhere classified, radio, television & communication equipment, medical, precision & <u>optical instruments.</u>	Positive integer	
H_130 / 8	Tangible fixed assets: other tangible fixed assets – in residual value/fair value as at the end of the reference period	ENT_H_130_8	In residual value/fair value as at the end of the reference period – the (residual) balance sheet value of assets at the end of the year. The net sum in which the assets are reflected in the balance sheet, taking into consideration the accumulated depreciation and possible write-downs. Other tangible fixed assets – furniture, musical instruments, sports equipment, valuables.	Positive integer	
H_130 / 41	Tangible fixed assets: projects in progress and prepayments – in residual value/fair value as at the end of the reference period	ENT_H_130_41	In residual value/fair value as at the end of the reference period – the (residual) balance sheet value of assets at the end of the year. The net sum in which the assets are reflected in the balance sheet, taking into consideration the accumulated depreciation and possible write-downs. Unfinished projects and prepayments – unfinished constructions and other projects, prepayments for fixed <u>assets.</u>	Positive integer	
H_130 / 43	Tangible fixed assets: projects in progress and prepayments – projects in progress: in residual value/fair value as at the end of the reference period	ENT_H_130_43	In residual value/fair value as at the end of the reference period – the (residual) balance sheet value of assets at the end of the year. The net sum in which the assets are reflected in the balance sheet, taking into consideration the accumulated depreciation and possible write-downs. Projects in progress = unfinished constructions + unfinished (uninstalled) machinery, equipment. Unfinished constructions – actual expenses on unfinished construction objects built for own use. Construction companies indicate expenses on objects for resale or built as contract work in inventories under goods in process. Unfinished (uninstalled) machinery, equipment – actual expenses on unfinished or uninstalled <u>machinery, equipment used for own use.</u>	Positive integer	
H_130 / 12	Tangible fixed assets: projects in progress and prepayments – prepayments for fixed assets: in residual value/fair	ENT_H_130_12	In residual value/fair value as at the end of the reference period – the (residual) balance sheet value of assets at the end of the year. The net sum in which the assets are reflected in the balance sheet, taking into consideration the accumulated depreciation and possible write-downs. Prepayments for fixed assets – prepayments for suppliers for fixed assets (also prepayments for construction companies).	Positive integer

	value as at the end of the reference period				
H_130 / 45	Property, plant and equipment: right-of-use assets – residual cost / fair value at the end of the reference period	ENT_H_130_45	Residual cost / fair value at the end of the reference period – (residual) book value of assets at the end of the period. This is the net sum of assets in the balance sheet including the accumulated depreciation and potential write-downs. Operating leases are indicated when preparing the financial statements in accordance with IFRS (IFRS 16 “Leases”) or ASBG 9 clause 31b (all lease agreements, irrespective of whether they correspond to the definition of finance or operating lease, are recognised in the lessee’s balance sheet).	Positive integer	
H_130 / 1	Total tangible fixed assets: in residual value/fair value as at the end of the reference period	ENT_H_130_1	In residual value/fair value as at the end of the reference period – the (residual) balance sheet value of assets at the end of the year. The net sum in which the assets are reflected in the balance sheet, taking into consideration the accumulated depreciation and possible write-downs. Tangible fixed assets – land, constructions (buildings and facilities), the rights related thereto (e.g., building rights, usufruct), machinery, equipment, tools, fittings and other inventory, valuables, construction in progress, prepayments for fixed assets. Additional information: Guideline 5 of the Estonian Accounting Standards Board “Tangible and intangible fixed assets”.	Positive integer	
H_140 / 2	Tangible fixed assets: land – sold fixed assets in sales price	ENT_H_140_2	Cost of sold fixed assets in sales price without VAT. Land – land as an object with unlimited useful life is not depreciated, which is why the acquisition cost of land must be equal to its residual value. Also indicate expenses on land improvement and arrangement, also the land use rights, if classified as tangible fixed assets.	Positive integer	
H_140 / 3	Tangible fixed assets: constructions – sold fixed assets in sales price	ENT_H_140_3	Cost of sold fixed assets in sales price without VAT. Constructions – buildings – a usually roofed and walled structure which is permanently connected to land and has indoor rooms; facilities – constructions permanently connected to land which are not buildings. Transport facilities: roads, streets, railways, takeoff and landing strips at airports, bridges, trestles, tunnels, port facilities (piers, jetties, etc.). Pipelines, communication and power lines: water, gas and sewage pipelines (incl. hot water boilers), fountains, water towers, communication and power lines, etc. Civil facilities: mines and quarries, chimneys, stadiums and sports grounds, parks, swimming beaches, golf courses, trampolines, ski lifts, swimming pools, cemeteries, landfills, awnings, etc. Also indicate the building right.	Positive integer	
H_140 / 40	Tangible fixed assets: machinery and equipment – sold fixed assets in sales price	ENT_H_140_40	Cost of sold fixed assets in sales price without VAT. Machinery and equipment – means of road, rail, water and air transport for transporting both goods and passengers and for other purposes; computers and computer systems; other machinery and equipment.	Positive integer	
H_140 / 4	Tangible fixed assets: machinery and equipment – means of transport: sold fixed assets in sales price	ENT_H_140_4	Cost of sold fixed assets in sales price without VAT. Means of transport – means of transport used on roads and streets both for cargo as well as passenger transport: motor vehicles, motor vehicle bodies, trailers and semi-trailers, vehicles with electric motor for passenger transport (trolleybuses), special purpose motor vehicles, lorry cranes, motor vehicles for driving on snow, golf carts; also means of transport for rail, water and air transport of cargo and passengers: rail locomotives and rolling stock, trams, water crafts and other special purpose floating devices, aircrafts, motorcycles and bicycles.	Positive integer	
H_140 / 6	Tangible fixed assets: machinery and equipment – computers and computer systems: sold fixed assets in sales price	ENT_H_140_6	Cost of sold fixed assets in sales price without VAT. Computers and computer systems – computers and other information processing devices: servers, laptops and electronic notebooks, computer systems, input and output devices (scanners, printers), memory devices, other automatic data processing equipment, accessories for computers. This also includes software purchased together with hardware.	Positive integer	
H_140 / 7	Tangible fixed assets: machinery and equipment – other machinery and equipment: sold fixed assets in sales price	ENT_H_140_7	Cost of sold fixed assets in sales price without VAT. Other machinery and equipment – different conveyors, lifting and loading devices, thermal equipment, cleaning and sorting equipment, laboratory equipment, electrical engines and diesel generators, tools, fittings, etc., except means of transport; engines and turbines (except the engines of aircrafts, vehicles and motorcycles), other generally used	Positive integer
