FOR THE LIST OF ENVIRONMENTAL PROTECTION ACTIVITIES RELATED TO THE QUESTIONNAIRE, SEE [https://www.stat.ee/sites/default/files/2020-12/10101\\_1002\\_1003\\_Keskkonnakaitse\\_valdkondade\\_loend\\_2021\\_en.pdf](https://www.stat.ee/sites/default/files/2020-12/10101_1002_1003_Keskkonnakaitse_valdkondade_loend_2021_en.pdf)

Your enterprise has been selected to respond to the questionnaire "Environmental protection expenditures of enterprises", as your economic activity is one of the areas studied with this questionnaire.	
The questionnaire sample includes enterprises in economic activities with EMTAK codes 01–35.	
Random sampling is used for enterprises with less than 50 employees. Enterprises with more employees are all included in the sample.	
The questionnaire is used to collect data on enterprises' environmental protection expenditures: mainly on waste management and wastewater management but also investments and other expenditures to reduce environmental pollution from production.	
For the list of environmental protection activities related to the questionnaire, click on the table name.	
In case of any questions, please call +372 6259 300 or send an email at <a href="mailto:klienditugi@stat.ee">mailto:klienditugi@stat.ee</a>	

## Environmental protection expenditures of enterprises

Questionnaire code: 10022024

Submitted in: 20.02.2024, data about 2023

Period:

page 2/13

### 1. ENVIRONMENTAL PROTECTION INVESTMENTS, EUROS (Click on the table name to access additional information about the table.)

Investments in integrated technologies – capital expenditures on new technologies, equipment, materials, fuels, etc. designed to reduce the amount of pollutants and waste created in the production process. Investments made for purposes other than for the reduction of environmental pollution (e.g. technical, financial, etc.) are not indicated here. End-of-pipe (pollution treatment) investments – capital expenditure on equipment and technologies designed to prevent or reduce pollutants and waste created in the production process from entering the environment and to monitor the pollutants created. Columns 1, 2, 3 and 5 in Table 1 are prefilled if you received support from the Environmental Investment Centre (KIK) last year. Please add the sum of support received from KIK that you used in the reference period. If the enterprise did not make investments in the prefilled project during the reference period, delete the prefilled row and add actual investments made during the reference period.

Record no	Name of activity	Type of investment	Sources of financing	Sum, euros	Description of the investment
1	2	3	4	5	
1	1 - Protection of ambient air and climate 2 - Wastewater management 3 - Waste management 4 - Protection and remediation of soil, groundwater and surface water 5 - Noise and vibration abatement (excluding workplace protection) 6 - Protection of biodiversity and landscapes 7 - Protection against radiation (excluding external safety) 8 - Research and development 9 - Other environmental protection activities	1 - End-of-pipe investments 2 - Investments in integrated technologies	13 - National budget 14 - Municipal budget 15 - Enterprise resource 16 - Foreign capital 17 - Bank loan 18 - Environmental Investment Centre (KIK) 19 - Agricultural Registers and Information Board (ARIB)		
2	1 - Protection of ambient air and climate 2 - Wastewater management 3 - Waste management 4 - Protection and remediation of soil, groundwater and surface water 5 - Noise and vibration abatement (excluding workplace protection) 6 - Protection of biodiversity and landscapes 7 - Protection against radiation (excluding external safety) 8 - Research and development 9 - Other environmental protection activities	1 - End-of-pipe investments 2 - Investments in integrated technologies	13 - National budget 14 - Municipal budget 15 - Enterprise resource 16 - Foreign capital 17 - Bank loan 18 - Environmental Investment Centre (KIK) 19 - Agricultural Registers and Information Board (ARIB)

## 2. INTERNAL CURRENT EXPENDITURE ON ENVIRONMENTAL PROTECTION AND PAYMENTS FOR ENVIRONMENTAL PROTECTION SERVICES, EUROS (Click on the table name to access additional information about the table.)

In the expenditures table (Table 2), the description of the expenditure made in the last reporting period and the environmental protection activity are pre-filled. Add the expenditure amount and the missing environmental protection expenditures. Expenditures are expenses incurred in-house (e.g. wages and salaries, equipment), payments refer to services purchased from other enterprises (e.g. wastewater management and waste management). It is not necessary to provide pollution and resource charges.

Reco rd no	Type of expenditure	Activity	Sum	Description
1	1	2	3	4
1		1 - Protection of ambient air and climate 2 - Wastewater management 3 - Waste management 4 - Protection and remediation of soil, groundwater and surface water 5 - Noise and vibration abatement (excluding workplace protection) 6 - Protection of biodiversity and landscapes 7 - Protection against radiation (excluding external safety) 8 - Research and development 9 - Other environmental protection activities

### 3. OTHER OPERATING REVENUE FROM SELLING BY-PRODUCTS OF POLLUTION REDUCTION ACTIVITIES, EUROS (Click on the table name to access additional information about the table.).

Receipts from selling by-products of environmental protection activities are, for example, receipts for scrap metal, wood waste, packaging waste (e.g. glass packaging), etc (all mentioned articles are classified under waste management). Description and environmental activity are prefilled using reported data from last year. Please add the sum of receipts (euro) or delete prefilled row if such receipt was not received. Also add receipts from environmental by-products that are not prefilled.

Record no	Income description	Name of activity	Sum, euros

## Environmental protection expenditures of enterprises

Questionnaire code: 10022024

Submitted in: 20.02.2024, data about 2023

Period:

page 13/13

14		1 - Protection of ambient air and climate 2 - Wastewater management 3 - Waste management 4 - Protection and remediation of soil, groundwater and surface water 5 - Noise and vibration abatement (excluding workplace protection) 6 - Protection of biodiversity and landscapes 7 - Protection against radiation (excluding external safety) 8 - Research and development 9 - Other environmental protection activities	
15		1 - Protection of ambient air and climate 2 - Wastewater management 3 - Waste management 4 - Protection and remediation of soil, groundwater and surface water 5 - Noise and vibration abatement (excluding workplace protection) 6 - Protection of biodiversity and landscapes 7 - Protection against radiation (excluding external safety) 8 - Research and development 9 - Other environmental protection activities	

### 4. TIME SPENT ON FILLING OUT THE QUESTIONNAIRE (incl. for preparing the data)

Please estimate how much time you spent on filling out the questionnaire (incl. time spent on reading the instructions, collecting and preparing data). Record the total time spent by all employees.

	Hours	Minutes
Time spent		
Please indicate the hours and minutes separately. For example, if it took 1.5 hours (i.e. 90 minutes) to complete the questionnaire, you should enter 1 in the hours field and 30 in the minutes field.		

### Y2. Overall assessment on the questionnaire

	Answer
Please give an overall assessment on completing the questionnaire.	10 - Very easy 20 - Easy 30 - Average (neither easy nor difficult) 40 - Difficult 50 - Very difficult

### Y3. Suggestions and comments
