

## Questionnaire manual: Economic activity

Questionnaire code: 14512024

Submitted in: Quarter 1 – 21.04.2024; Quarter 2 – 21.07.2024; Quarter 3 – 21.10.2024; Quarter 4 – 21.01.2025

Periodicity: Quarterly

p. 1/16

Statistics Estonia guarantees the full protection of data submitted.

 eSTAT (<https://estat.stat.ee/>) is for data submission.

Please make sure that you enter data in the correct cell. If you enter alphabetical characters in a number field, a corresponding error message is displayed. In the case of some fields, logic (arithmetic) checks have been applied to prevent data entry mistakes. If there is a conflict in the entered data or they conflict with prefilled data, an error message appears when the table is checked. In the case of errors, review the data carefully and make corrections.

After correcting the data, save changes and check the questionnaire again. If there are no more mistakes, confirm and submit the data by clicking "Confirm" on the last page of the questionnaire. You will be displayed a message that the data have been submitted successfully. If you have any questions, please contact Statistics Estonia's customer service either by phone at +372 625 9300 (Mon–Thu 8:30–16:30, Fri 8:30–15:30) or by e-mail at [klienditugi@stat.ee](mailto:klienditugi@stat.ee).

### DATA COLLECTED WITH THE QUESTIONNAIRE

**Table 1.1. TURNOVER CONSTRUCTION (in the Estonian Classification of Economic Activities (EMTAK), construction is in section F (41100 - 43999))**

 In economic activities **A0100-E39001, G45100-U99001** you need not fill in the table.

TO HELP, VAT return (KMD) data are displayed in the first row in column 2. Prefilled after VAT return (KMD) data have been submitted to the Tax and Customs Board. NB! Data submitted to the Tax and Customs Board may, but need not always coincide with data collected with the questionnaire (different definitions etc.).

Row code/ column code	Name of variable * - mandatory	Code of variable	Explanation	Type of data (number of decimals) or list/ classification name	You need not fill in the value: period, economic activity
1031 / 1	Turnover: construction - construction of buildings in Estonia and in foreign countries: new building construction	ENTQ_1031_1	New building construction – building is a free-standing structure, which is permanently attached to the ground, covered by a roof, usually enclosed within external walls or dividing walls.	Positive integer

**Table 2.1. INVESTMENT (INCL. FINANCIAL LEASE)**

Row code/ column code	Name of variable * - mandatory	Code of variable	Explanation	Type of data (number of decimals) or list/ classification name	You need not fill in the value: period, economic activity
H_150_3 / 1	Investment in property, plant and equipment: buildings and structures	ENT_H_150_3	Acquisition of buildings and structures – the acquisition cost of buildings and structures, cost of new construction and reconstruction, including acquisition of new buildings and expenditures that significantly increase the service life of the building, increase the production potential or reduce the maintenance costs.	Positive integer	
H_150_4 / 1	Property, plant and equipment: transport equipment: investments	ENT_H_150_4	Transport equipment – vehicles for the transport of passengers and goods.	Positive integer	
H_150_6 / 1	Property, plant and equipment: machinery and equipment – computers and computer systems: investments	ENT_H_150_6	Computers and computer systems – computers and other information processing equipment: servers, laptops and personal digital assistants (PDA), computer systems, input-output devices (scanners, printers), storage units, other automated data processing equipment, computer ancillary equipment. Including software obtained with hardware.	Positive integer	
H_150_2 / 1	Property, plant and equipment: land – investments	ENT_H_150_2	Land – acquisition cost of land, as well as expenditure on land improvement and land readjustment.	Positive integer	
4047 / 1	Property, plant, and equipment: land - land improvement: investments	ENTQ_4047_1	Land improvement and land readjustment expenses, whether or not the expenses involve land increases; costs of drainage and flood control projects, dams and ditches that are part of such projects; deforestation, forest management and afforestation costs.	Positive integer	
H_150_7 / 1	Property, plant and equipment: machinery and equipment – other machinery and equipment: investments	ENT_H_150_7	Other machinery and equipment – other machinery, equipment, inventory registered as fixed assets, n.e.c.	Positive integer	

**Table 2.2. INVESTMENT IN BIOLOGICAL (CONSUMABLE) ASSETS**

In economic activities **B05101-U99001** you need not fill in the table.

Row code/ column code	Name of variable * - mandatory	Code of variable	Explanation	Type of data (number of decimals) or list/ classification name	You need not fill in the value: period, economic activity
4051 / 1	Biological (productive) assets, total: plantations (except forest plantations) and grasslands – investments	ENTQ_4051_1	Plantations (except forest plantations) and grasslands – planting and cultivation of fruit and berry plantations prior to maturity (in case of more than one year until harvesting). Costs of sowing and establishing grasslands.	Positive integer	
H_150_19 / 1	Biological (productive) assets: forest –	ENT_H_150_19	Forest – standing timber recognised as biological asset, for example, forest in nature conservation areas. Standing timber for felling is a consumable asset – should be regarded	Positive integer	

**Questionnaire manual: Economic activity**

Questionnaire code: 14512024

Submitted in: Quarter 1 – 21.04.2024; Quarter 2 – 21.07.2024; Quarter 3 – 21.10.2024; Quarter 4 – 21.01.2025

	investments		as current asset. As the forest growth period is very long (much longer than one year), you should determine for a specific plot of forest whether or not to recognise it as fixed asset or current asset. Investments are calculated by adding up the acquisitions and additions, reclassifications from prepayments.		
H_150_17 / 1	Biological (productive) assets: animals – investments	ENT_H_150_17	Animal assets – animals classified as productive biological assets under property, plant and equipment. Fish caught from the sea (European sprat, halibut, shrimps etc.) are not biological assets. Investments are calculated by adding up the acquisitions and additions, reclassifications from prepayments.	Positive integer	

**Table 2.3. SALE OF PROPERTY, PLANT AND EQUIPMENT AND INVESTMENT PROPERTIES**

Row code/ column code	Name of variable * - mandatory	Code of variable	Explanation	Type of data (number of decimals) or list/ classification name	You need not fill in the value: period, economic activity
4080 / 1	Total sales of property, plant, and equipment and investment properties	ENTQ_4080_1	Total sales of property, plant and equipment and investment properties – cost of property, plant and equipment and investment properties sold in the reference period, at selling price, VAT exclusive. For persons not liable to value added tax, VAT is included in the selling price.	Positive integer	

**Table 2.4. SALE OF BIOLOGICAL (CONSUMABLE) ASSETS**

In economic activities **B05101-U99001** you need not fill in the table.

Row code/ column code	Name of variable * - mandatory	Code of variable	Explanation	Type of data (number of decimals) or list/ classification name	You need not fill in the value: period, economic activity
H_140_13 / 1	Biological (productive) assets, total: fixed assets sold at selling prices	ENT_H_140_13	Cost of fixed assets sold at selling prices, VAT exclusive. Biological assets are living animals or plants. Biological (productive) assets – fixed assets usually include productive biological assets such as domestic animals and poultry, fish in fish farms, plantations and trees in a forest. Biological assets are measured at fair value less costs to sell, or exceptionally, at acquisition value less any accumulated depreciation and any accumulated impairment losses. MORE INFORMATION: RTJ 7 “Biological assets”.	Positive integer	

**Table 3. EMPLOYMENT, HOURS WORKED**

TO HELP, tax return data on income and social tax, contributions to a mandatory funded pension and unemployment insurance premiums (TSD) are displayed in column 2. Prefilled after TSD data have been submitted to the Tax and Customs Board.NB! Data submitted to the Tax and Customs Board may, but need not always coincide with data collected with the questionnaire (different definitions etc.).In row b\_070 Hours worked, fill in thousand hours with one decimal place. For example: If the number of persons employed is 1, then the number of hours worked is 0.5.

Row code/ column code	Name of variable * - mandatory	Code of variable	Explanation	Type of data (number of decimals) or list/ classification name	You need not fill in the value: period, economic activity
B_010 / 1	Average number of persons	ENT_B_010	Quarterly average number of persons employed – total number of persons who work in the enterprise, irrespective of	Positive integer	

## Questionnaire manual: Economic activity

Questionnaire code: 14512024

Submitted in: Quarter 1 – 21.04.2024; Quarter 2 – 21.07.2024; Quarter 3 – 21.10.2024;  
Quarter 4 – 21.01.2025

p. 15/16

	employed		the length of the working week: proprietors and their unpaid family members; full and part-time employees; persons who work outside the unit (sales representatives, delivery staff etc.); persons temporarily absent from work (on sick leave, paid leave, study leave, on strike, etc.); seasonal workers, trainees (apprentices) and homeworkers; persons employed under contract for services. Not included among persons employed are manpower supplied by other enterprises who are working in the observation unit fulfilling orders of that unit, as well as long-term absent employees (on maternity leave, in military service etc.)		
B_070 / 1	Number of hours worked	ENT_B_070	Hours worked (thousand hours with one decimal place) – total number of hours actually worked by all employees. Overtime is also included. Not included are paid hours of work when the employee did not actually work (holiday, sick leave etc.). If the exact number of hours actually worked is not known, it may be calculated on the basis of standard working hours + overtime - absences. Employee is a person on the payroll. Employees do not include manpower supplied by another enterprise (are paid by that enterprise) who are working (temporarily) in the observation unit.	Positive real number (0,3)	

**Table 4. TIME SPENT ON FILLING OUT THE QUESTIONNAIRE (only for the 3rd quarter)**

The table need not be filled in period(s) **2024-I, 2024-II, 2024-IV**.

Please estimate how much time you spent on filling out the questionnaire (incl. time spent on reading the instructions, collecting and preparing data). Record the total time spent by all employees.

Row code/ column code	Name of variable * - mandatory	Code of variable	Explanation	Type of data (number of decimals) or list/ classification name	You need not fill in the value: period, economic activity
/	Number of hours spent on completing the questionnaire and collecting and preparing the necessary data	TAITMIS EAEGTU NDI	Number of hours spent by all employees on completing the questionnaire. The time spent on completing the questionnaire includes the time spent on reviewing instructions, collecting and preparing the necessary data.	Positive integer	
/	Number of minutes spent on completing the questionnaire and collecting and preparing the necessary data	TAITMIS EAEGMI NUTIT	Number of minutes spent by all employees on completing the questionnaire. The time spent on completing the questionnaire includes the time spent on reviewing instructions, collecting and preparing data. Permitted value range 0–59.	Positive integer
