DATA COLLECTED WITH THE QUESTIONNAIRE

Table A. SEEDS

Write in the questionnaire the unit price of the goods sold, exclusive of VAT and expenses added to the price such as transport etc. Cost. If the same good has been sold in the reference period at different prices depending on the quality, quantity, agreement with buyer, etc., write in the questionnaire the weighted average price. If the price of goods differs significantly from the previous month's price, please provide in the remark field a short description of the reasons for the price change (so that we do not have to contact you). The list of goods is amended only when sale of the goods concerned has been terminated; in that case, this good is replaced by another one as similar as possible. If goods from the same group of goods not listed in the questionnaire have been sold in large quantities, write the name, unit of measurement and unit price of the goods in the vacant row.
