Statistics Estonia guarantees the full protection of data submitted.

It is also possible to complete the questionnaire by uploading data to eSTAT as a CSV table. To do this, click on the download icon at the top right corner of the table. First, download the necessary CSV form by clicking on the corresponding link. Then save the file to your computer to enter the data in the file manually or download the data from an accounting program. In order to upload tables to eSTAT, use the relevant upload link. By clicking on the link, the data submission window opens. Select the data file you want to submit from your computer and upload the file by clicking on the button "Upload file". After uploading the data, you can check the data and submit the questionnaire. If formatting errors occur during the uploading process, it means that the file is not in accordance with the specified form.
It is important to know that:
1. the form of the CSV table must not be altered;
2. the separator must be a semicolon, not a space, full stop, etc.;
3. the field "Record number" must be completed in the CSV file and each number must be unique.

eSTAT (https://estat.stat.ee/) is for data submission.

Please make sure that you enter data in the correct cell. If you enter alphabetical characters in a number field, a corresponding error message is displayed. In the case of some fields, logic (arithmetic) checks have been applied to prevent data entry mistakes. If there is a conflict in the entered data or they conflict with prefilled data, an error message appears when the table is checked. In the case of errors, review the data carefully and make corrections.
After correcting the data, save changes and check the questionnaire again. If there are no more mistakes, confirm and submit the data by clicking "Confirm" on the last page of the questionnaire. You will be displayed a message that the data have been submitted successfully.
If you have any questions, please contact Statistics Estonia's customer service either by phone at +372 625 9300 (Mon–Thu 8:30–16:30, Fri 8:30–15:30) or by e-mail at klienditugi@stat.ee.
