Submitted in: 1.04.2024, data about 2023

Periodicity: Annual

p. 1/10

Statistics Estonia guarantees the full protection of data submitted.

eSTAT (<https://estat.stat.ee/>) is for data submission.

Please make sure that you enter data in the correct cell. If you enter alphabetical characters in a number field, a corresponding error message is displayed. In the case of some fields, logic (arithmetic) checks have been applied to prevent data entry mistakes. If there is a conflict in the entered data or they conflict with pre-filled data, an error message appears when the table is checked. In the case of errors, review the data carefully and make corrections.

After correcting the data, save changes and check the questionnaire again. If there are no more mistakes, confirm and submit the data by clicking "Confirm" on the last page of the questionnaire. You will be displayed a message that the data have been submitted successfully. If you have any questions, please contact Statistics Estonia's customer service either by phone at +372 625 9300 (Mon–Thu 8:30–16:30, Fri 8:30–15:30) or by e-mail at klienditugi@stat.ee.

DATA COLLECTED WITH THE QUESTIONNAIRE

Table 1. NUMBER OF EMPLOYEES OF THE TV STATION

The total number of employees of all the television and radio stations of ERR and employees of other units of ERR is indicated in the questionnaire for ETV. The number of employees is not submitted separately by each television and radio station of ERR (i.e. Table 1 is not filled in). If your enterprise (other than ERR) has several television channels and the number of employees by occupational group is known as a total for all channels combined (not separately for each channel), please indicate this total number in the questionnaire of one channel. The enterprise Duo Media Networks OÜ may indicate just the total number of TV and radio staff (in one of the questionnaires of its TV and radio stations), if it would be difficult to provide a separate staff number for each station. In that case, please write in the remark field that the numbers of TV and radio staff have been summed up.

Row code/ column code	Name of variable * - mandatory	Code of variable	Explanation	Type of data (number of decimals) or list/ classification name	You need not fill in the value: period, economic activity
2 / 2	Number of employees in the reference period: with employment contract – programme staff	TLP_LMG	Programme staff is responsible for planning, preparing and making the content of the broadcast. It includes journalists (editors, reporters, correspondents) and other programme staff (e.g. presenters). Indicate the number of persons (in whole numbers) employed under contract of employment (excl. authorisation agreement or contract for services) as at Dec. 31 of reference year, irrespective of their workload. Multinational enterprises should only take into account people working in Estonia. If the enterprise is also engaged in activities other than the operation of a television or radio station broadcasting in Estonia, people who work less than 50% of their working time on television or radio in the enterprise are to be excluded. If there are no persons in contractual relationship with the employer at the broadcaster, the owner, member of the management board or another person engaged with keeping the station in operation is regarded as an employee with an employment contract.	Positive integer	
2 / 3	Number of employees in the reference period: with other contract – programme staff	MLP_LMG	Programme staff is responsible for planning, preparing, and making the content of the broadcast. This includes journalists (editors, reporters, correspondents) and other programme staff (e.g. presenters). Indicate the number of persons (in whole numbers) employed under contracts under the law of obligations (e.g. authorisation agreement, contract for services, author's contract) during the reference year, irrespective of their workload. This refers to all employees who have worked for the broadcaster during the reference year under a contract (other than a contract of employment). If a person has worked under more than one contract during the year, the number of persons, not the number of contracts, must be indicated.	Positive integer	
3 / 2	Number of	TLP_TE	Technical staff is involved in production, transmission,	Positive	

Questionnaire manual: Television

	employees in the reference period: with employment contract – technical staff	HN	delivery and other technical work on broadcasts but is not responsible for content (equipment operators, maintainers, designers and installers; R&D technicians, etc.). Indicate number of persons (in whole numbers) employed under contract of employment (excl. authorisation agreement or contract for services) as at Dec. 31 of reference year, irrespective of their workload. Multinational enterprises must only take into account people working in Estonia. If the enterprise is also engaged in activities other than operation of a television or radio station broadcasting in Estonia, people who work less than 50% of their working time on television or radio in the enterprise are excluded. If there are no persons in contractual relationship with the employer at the broadcaster, the owner, member of the management board or another person engaged with keeping the station in operation is regarded as an employee with an employment contract.	integer	
3 / 3	Number of employees in the reference period: with other contract – technical staff	MLP_TE HN	Technical staff are the persons concerned with the making, transmission, issuing, etc. of broadcasts and other technical works and who are not responsible for the content of the broadcast (technological operators and maintenance staff, designers and installers of equipment, technicians related to R&D, etc.). Indicate the number of persons (in whole numbers) employed under contracts under the law of obligations (e.g. authorisation agreement, contract for services, author's contract) during the reference year, irrespective of their workload. This refers to all employees who have worked for the broadcaster during the reference year under a contract (other than a contract of employment). If a person has worked under more than one contract during the year, the number of persons, not the number of contracts, must be indicated.	Positive integer	
4 / 2	Number of employees in the reference period: with employment contract – administrative staff	TLP_AD M	Administrative staff includes leaders, managers, and other persons engaged in administrative work. For employees with an employment contract, indicate the number of persons (in whole numbers) employed under a contract of employment (excluding authorisation agreement or contract for services) as at 31 December of the reference year, irrespective of their workload. Multinational enterprises should only take into consideration people working in Estonia. If the enterprise is also engaged in activities other than the operation of a television or radio station broadcasting in Estonia, people who work less than 50% of their working time on television or radio in the enterprise are not to be included. If there are no persons in contractual relationship with the employer at the broadcaster, the owner, member of the management board or another person who is engaged with keeping the station in operation will be regarded as an employee with an employment contract.	Positive integer	
4 / 3	Number of employees in the reference period: with other contract – administrative staff	MLP_AD M	Administrative staff includes leaders, managers, and other persons engaged in administrative work. Indicate the number of persons (in whole numbers) employed under contracts under the law of obligations (e.g. authorisation agreement, contract for services, author's contract) during the reference year, irrespective of their workload. This refers to all employees who have worked for the broadcaster during the reference year under a contract (other than a contract of employment). If a person has worked under more than one contract during the year, the number of persons, not the number of contracts, must be indicated.	Positive integer	
5 / 2	Number of employees in the reference period: with employment contract – other staff	TLP_MU U	Other staff can't be placed in any above category. If an employee has several roles in the enterprise, the main one (occupational group) that is estimated to take up the most time must be indicated, not 'other staff'. Indicate number of persons (in whole numbers) employed under contract of employment (excl. authorisation agreement or contract for services) as at Dec. 31 of reference year, irrespective of their workload. Multinational enterprises must only take into account people working in Estonia. If enterprise is also engaged in activities other than operation of a television or radio station broadcasting in Estonia, people who work less than 50% of their working time on television or radio in the enterprise are not excluded. If there are no persons in contractual relationship with the employer at the broadcaster, the owner, member of the management board or another person engaged with keeping the station in operation will be regarded as an employee with an employment contract.	Positive integer

Table 2. FINANCING OF THE TV STATION BY SOURCE OF FUNDING

The financing of all the television and radio stations of ERR and other units of ERR by source of funding is indicated in the questionnaire for ETV. Funding data are not submitted separately by each television or radio station of ERR (i.e. Table 2 is not filled in). If your enterprise (other than ERR) has several TV channels and financing by source of funding is known as a total for all channels combined (not separately for each channel), please indicate total financing in the questionnaire of one channel. The enterprise Duo Media Networks OÜ may indicate the total financing by source of funding for all its TV and radio stations combined (in one of the questionnaires of its TV and radio stations), if it would be difficult to provide financing data separately for each station. In that case, please write in the remark field below the table that the financing of TV and radio stations has been summed up.

Row code/ column code	Name of variable * - mandatory	Code of variable	Explanation	Type of data (number of decimals) or list/classification name	You need not fill in the value: period, economic activity
2 / 1	Total funding by source in the reference period – Estonian state or local government	RAH_RII K_KOV	Funds and grants from public sector bodies or local authorities, including income from foundations. Indicate the answer option, regardless of whether (electoral) advertising, a specific programme, etc. is commissioned.	Positive integer	
3 / 1	Total funding by source in the reference period – Estonian private sector	RAH_ER A	This includes Estonian private enterprises, legal persons governed by private law (general partnership, limited partnership, private limited company, public limited company, commercial association, foundation, non-profit association), as well as natural persons, irrespective of what they commission. Revenue from contract work, contract fees, sponsorship, etc., received from enterprises operating in Estonia for commissioned work is included.	Positive integer	
4 / 1	Total funding by source in the reference period – foreign country	RAH_VA LIS	Money received from foreign private enterprises, private persons, or international funds, e.g. project grants, donations (foundations), endowments, etc.	Positive integer	
5 / 1	Total funding by source in the reference period – other total	RAH_MU U	Other sources that cannot be classified under the categories listed above (e.g. state foundations or privately financed foundations).	Positive integer	
6 / 1	Name of funding in the reference period – other source 1	RAH_MU U1_NIM ETUS	Specification of the name of other source of funding.	Text	
7 / 1	Total funding in the reference period – other source 1	RAH_MU U1_SUM MA	Total amount of specified other source of funding in euros.	Positive integer

Table 3. FINANCING OF THE TV STATION BY TYPE OF FUNDING

The financing of all the television and radio stations of ERR and other units of ERR by type of funding is indicated in the questionnaire for ETV. Funding data are not submitted separately by each television or radio station of ERR (i.e. Table 3 is not filled in). If your enterprise (other than ERR) has several TV channels and financing by type of funding is known as a total for all channels combined (not separately for each channel), please indicate total financing in the questionnaire of one channel. The enterprise Duo Media Networks OÜ may indicate the total financing by type of funding for all its TV and radio stations combined (in one of the questionnaires of its TV and radio stations), if it would be difficult to provide financing data separately for each station. In that case, please write in the remark field below the table that the financing of TV and radio stations has been summed up.

Row code/ column code	Name of variable * - mandatory	Code of variable	Explanation	Type of data (number of decimals) or list/ classification name	You need not fill in the value: period, economic activity
2 / 1	Total funding by type of funding in the reference period – funding for TV commercial communications	RLIIK_A RI_TV	Audiovisual commercial communication is, in particular, television advertising, sponsorship announcements, teleshopping, and product placement.	Positive integer	
3 / 1	Total funding by type of funding in the reference period – self-financing	RLIIK_O MA	Indicate this answer option if the television channels or radio stations are kept in operation by other activities of the same enterprise, including, where appropriate, loans, e.g. money obtained from non-budgetary foundations and funds.	Positive integer	
4 / 1	Total funding by type of funding in the reference period – funding for public broadcasting	RLIIK_A V_OIG	Estonian Public Broadcasting should indicate only this answer option.	Positive integer	
5 / 1	Total funding by type of funding in the reference period – fee from customer	RLIIK_K LIENT	This is the amount received from the viewer (end user) of the television channel, including where the channel sells its service directly to a private consumer.	Positive integer	
6 / 1	Total funding by type of funding in the reference	RLIIK_M UU	All sources that do not fall under one of the types of funding listed above (project grants, bank loans, Hooandja projects, etc.).	Positive integer

Table 4. DURATION OF TV BROADCASTING BY TYPE OF BROADCAST, HOURS PER YEAR

The total annual duration of broadcasts can be 8,760 hours maximum.

Row code/ column code	Name of variable * - mandatory	Code of variable	Explanation	Type of data (number of decimals) or list/ classification name	You need not fill in the value: period, economic activity
2 / 1	Duration of television broadcasting by type of broadcast in the reference period – news	TV_UUD IS	News are short and main news broadcasts, news magazines, etc. Does not include news broadcast as teletext. Includes news produced by the television service provider itself, co-produced news, as well as news commissioned from Estonian producers.	Positive integer	
3 / 1	Duration of television broadcasting by type of broadcast in the reference period – informative broadcasts	TV_PUB L	Informative broadcasts are journalistic coverage of topical events and issues, including analysis, commentary, etc. (excl. news, sports, educational, and scientific broadcasts), as well as broadcasts about various areas of life and reality (broadcasts of human interest) related to leisure activities (cooking, travel, crafts, excl. sports and education) or featuring interesting persons, activities, personal problems, etc.	Positive integer	
4 / 1	Duration of television broadcasting by type of broadcast in the reference period –	TV_HAR _TEAD	Educational and scientific broadcasts are educative, presenting problems and achievements in scientific fields and stimulating intellectual interest.	Positive integer	

Questionnaire manual: Television

Questionnaire code: 12332024

Submitted in: 1.04.2024, data about 2023

p. 6/10

	educational and scientific broadcasts				
5 / 1	Duration of television broadcasting by type of broadcast in the reference period – cultural broadcasts	TV_KULT	Cultural broadcasts are those which aim to enrich the audience's knowledge of literature, art, culture, language, philosophy, and history in a non-didactic way. This includes religious broadcasts and broadcasts of religious services. Do not indicate here teletheatre and recordings or transmissions of theatre performances; include these under 'Fiction and films'.	Positive integer	
8 / 1	Duration of television broadcasting by type of broadcast in the reference period – sports broadcasts	TV_SPORT	Sports broadcasts are live and recorded programmes of sporting events, news and information on sports.	Positive integer	
9 / 1	Duration of television broadcasting by type of broadcast in the reference period – infotainment broadcasts	TV_INFOMEELE	Infotainment broadcasts are entertaining programmes based on facts, documentary material, and real-life events (e.g. Pealtnägija, Terevisioon, Ringvaade, etc.).	Positive integer	
6 / 1	Duration of television broadcasting by type of broadcast in the reference period – music and entertainment broadcasts	TV_MUUSMEEL	Music and entertainment broadcasts. This includes music programmes in which the dominant element is live or recorded music, and entertainment programmes, e.g. tele chat and interactive games, TV competitions and quizzes, show, humour, satire, talk show, etc.	Positive integer	
7 / 1	Duration of television broadcasting by type of broadcast in the reference period – fiction and films	TV_LAVASTFILM	Fiction and films. This includes TV series, feature films, sitcoms, animated films and series, telefilms, teletheatre, recordings and transmissions of theatre performances, other fiction.	Positive integer	
10 / 1	Duration of television broadcasting by type of broadcast in the reference period – other broadcasts	TV_MUUD	Other broadcasts are all those that do not fall under the categories listed above. It includes, for example, unpaid inter-programme announcements (cultural news, sponsored announcements) and other broadcasts between programmes (e.g. slow TV).	Positive integer	
11 / 1	Duration of television broadcasting by type of broadcast in the reference period – advertising	TV_REKL	Advertising is information broadcast on television, either in return for payment or free of charge, for the purpose of providing a service or increasing the sale of goods, promoting an event, or guiding a person's behaviour in the public interest. This does not include time spent on banners and other advertising that appears on screen during the programme. Also excluded are advertising and introduction (promotion) of broadcasts and teleshopping broadcasts and spots.	Positive integer	
12 / 1	Duration of television broadcasting by type of broadcast in the reference period – teleshopping	TV_OTSEP	Teleshopping is the offering of goods and services for direct sale, both as a teleshopping spot and as a stand-alone programme.	Positive integer	

Table 5. DURATION OF TV BROADCASTING BY ORIGIN, HOURS PER YEAR

The total annual duration of broadcasts can be 8,760 hours maximum. NB! The total duration of broadcasts in Table 5 must be equal to the total duration of broadcasts in Table 4.

Questionnaire code: 12332024

Submitted in: 1.04.2024, data about 2023

code				list/ classification name	period, economic activity
2 / 1	Duration of television broadcasting by origin in the reference period – self-produced	TV_END A_TOOD ET	Self-produced broadcasts are those produced by a broadcasting organisation by using its own services and under its editorial responsibility, in general with its own production facilities. Programmes broadcast by the broadcaster but commissioned and financed by sponsors must be considered as self-produced if such programmes are completed by the broadcaster itself.	Positive integer	
3 / 1	Duration of television broadcasting by origin in the reference period – co-productions and commissioned broadcasts	TV_KOO ST_TELL IT	Co-productions are broadcasts completed in cooperation with one or several Estonian or foreign organisations, whereas the broadcaster participated in editing, financing, or organising the production of such broadcasts. Unlike in the case of commissioned broadcasts, the broadcaster does not compensate for all production costs of the programme. Commissioned broadcasts are programmes ordered by the broadcaster from independent Estonian or foreign producers, compensating for all production costs of the programme.	Positive integer	
4 / 1	Duration of television broadcasting by origin in the reference period – commissioned from Estonian producers	TV_EES TIST_HA NGIT	Broadcasts commissioned from Estonian producers are programmes or films produced by an independent Estonian producer and the broadcasting rights of which the broadcaster has obtained.	Positive integer	
5 / 1	Duration of television broadcasting by origin in the reference period – purchased from foreign organisations	TV_VALI SM_HAN GIT	Broadcasts purchased from foreign organisations are programmes or films produced by foreign organisations outside Estonia and the broadcasting rights of which the broadcaster has obtained.	Positive integer	
6 / 1	Duration of television broadcasting by origin in the reference period – purchased from European (excl. Estonian) producers	TV_EUR OOPAST _HANGI T	Broadcasts purchased from European (excl. Estonian) producers. European broadcasts within the meaning of Section 11 of the Media Services Act are considered here. An audiovisual work of European origin is: 1) a work originating in a Member State of the European Union; 2) a work originating in a European third State Party to the European Convention on Transfrontier Television; 3) a work which is co-produced within the framework of an agreement of cooperation concluded between a Member State of the European Union and a third state and is fulfilling the conditions specified in the agreement. For a list of countries, see https://www.stat.ee/et/euroopa-liidu-liikmesriigid ja https://www.coe.int/en/web/conventions/full-list?module=signatures-by-treaty&treatynum=171	Positive integer	
7 / 1	Duration of television broadcasting by origin in the reference period – purchased from producers in other countries	TV_MUJ ALT_HA NGIT	Broadcasts purchased from producers in other countries are programmes purchased from foreign countries which are not of European origin within the meaning of Section 11 of the Media Services Act.	Positive integer	

Table 6. DURATION OF TV BROADCASTING BY COUNTRY OF ORIGIN, HOURS PER YEAR

The total annual duration of the television programme (in hours), after the deduction of the duration of news, sports broadcasts and broadcasts containing games and the duration of advertising, teleshopping and teletext.

Row code/ column code	Name of variable * - mandatory	Code of variable	Explanation	Type of data (number of decimals) or list/ classification name	You need not fill in the value: period, economic activity
2 / 1	Duration of television	TV_EES TI_PARI	Broadcasts of Estonian origin (in hours). The transmission time allocated for the news, sports events, and games	Positive integer	

Questionnaire manual: Television

Questionnaire code: 12332024

Submitted in: 1.04.2024, data about 2023

	broadcasting by country of origin in the reference period – Estonia	TOLU	programmes, as well as for advertising, teleshopping, and teletext services must be deducted from the annual duration of these broadcasts.		
3 / 1	Duration of television broadcasting by country of origin in the reference period – Estonian independent producers	TV_EES TI_PARI TOLU_S OLT	Broadcasts of Estonian origin created by producers independent of the television service provider. The transmission time allocated for the news, sports events, and games programmes, as well as for advertising, teleshopping, and teletext services must be deducted from the annual duration of these broadcasts. An independent producer is defined as a television production company that is not affiliated to the television channel and that produces television programmes for the channel (e.g. BEC, Ruut, Filmimees).	Positive integer	
4 / 1	Duration of television broadcasting by country of origin in the reference period – European (excl. Estonia)	TV_EUR OOPA_P ARITOL U	Broadcasts of European (excl. Estonian) origin. The transmission time allocated for the news, sports events, and games programmes, as well as for advertising, teleshopping, and teletext services must be deducted from the annual duration of these broadcasts. An audiovisual work of European origin is: 1) a work originating in a Member State of the European Union; 2) a work originating in a European third State Party to the European Convention on Transfrontier Television; 3) a work which is co-produced within the framework of an agreement of cooperation concluded between a Member State of the European Union and a third state and is fulfilling the conditions specified in the agreement. For a list of countries, see https://www.stat.ee/et/euroopa-liidu-liikmesriigid ja https://www.coe.int/en/web/conventions/full-list?module=signatures-by-treaty&treatynum=171	Positive integer	
5 / 1	Duration of television broadcasting by country of origin in the reference period – European (excl. Estonian) independent producers	TV_EUR OOPA_P ARITOL U_SOLT	Broadcasts of European (excl. Estonian) origin created by producers independent of the television service provider. Transmission time allocated for the news, sports events and games programmes, as well as for advertising, teleshopping and teletext services must be deducted from the annual duration of these broadcasts. European independent producers within the meaning of Section 11 of the Media Services Act are considered here. A European independent producer is: 1) a producer that holds the majority of shares or the majority of votes determined by the shares of a legal or natural person of a Member State or State Party to the Convention; 2) a producer whose copyrights or the rights related to the copyrights for the production transferred on the basis of the law or agreement are held by a legal or natural person of a Member State or State Party to the Convention; 3) a producer that has produced own audiovisual production for at least two audiovisual media providers in the last 2 years.	Positive integer	
6 / 1	Duration of television broadcasting by country of origin in the reference period – North America	TV_POH JA_AME ERIKA_P ARITOL U	Broadcasts of North American origin (in hours). The transmission time allocated for the news, sports events, and games programmes, as well as for advertising, teleshopping, and teletext services must be deducted from the annual duration of these broadcasts.	Positive integer	
7 / 1	Duration of television broadcasting by country of origin in the reference period – Russia	TV_VEN EMAA_P ARITOL U	Broadcasts of Russian origin (in hours). The transmission time allocated for the news, sports events, and games programmes, as well as for advertising, teleshopping, and teletext services must be deducted from the annual duration of these broadcasts.	Positive integer	
8 / 1	Duration of television broadcasting by country of origin in the reference period – other origin	TV_MUU PARIT OLU	Broadcasts of other origin (in hours). The transmission time allocated for the news, sports events, and games programmes, as well as for advertising, teleshopping, and teletext services must be deducted from the annual duration of these broadcasts.	Positive integer	

Table 4. TIME SPENT ON FILLING OUT THE QUESTIONNAIRE (incl. for preparing the data)

Please estimate how much time you spent on filling out the questionnaire (incl. time spent on reading the instructions, collecting and preparing data). Record the total time spent by all employees.
